

A PFG Leader's Prayer

Lord, help me be the kind of leader that those who appointed me would hope for, and those who experience my leadership, want and need.

Help me influence others for good and help me be open to others influencing me.

Help me to provide the necessary information that enables others to be empowered and formed by what they know.

Help me to attend to those matters which provide suitable management and organisational order, despite the chaos.

Help me to be patient and peaceful and teach me to smile in the face of adversity.

Help me to know my name and to listen when it is called.

Amen.
